KARIMA SAIDI

ARCHITECTURAL DESIGNER | AUTOCAD | REVIT | 3D MODELING

Edmond, Oklahoma | karima.saidi.arch@gmail.com

PROFESSIONAL SUMMARY

Architectural professional with several years of experience in architectural design, project coordination, technical documentation, and CAD-based design development. Experienced in residential and commercial projects and in collaborating with clients and multidisciplinary teams. Proficient in AutoCAD and Revit, with experience translating design concepts into detailed plans and 3D models while meeting project requirements and deadlines.

TECHNICAL SKILLS

Architecture & Design: Architectural Design | Site Analysis | Urban Planning | Residential Design | Commercial Design
Software & Modeling: AutoCAD | Revit | CAD Design | 3D Modeling | 3D Printing / Additive Manufacturing
Documentation & Coordination: Technical Documentation | Design Plans | Specifications | Client Presentations | Project Coordination
Professional Skills: Critical Thinking | Problem Solving | Attention to Detail | Team Collaboration | Client Communication

PROFESSIONAL EXPERIENCE

ARCHITECT

Architecture and Urban Planning Office | Setif, Algeria | May 2021 – July 2024

- Designed architectural plans for residential and commercial projects.
- Developed building plans and specifications based on client needs and project requirements.
- Collaborated with clients to understand design requirements, preferences, and project goals.
- Created detailed CAD models and design documentation for project development and client presentations.
- Presented design ideas and communicated architectural concepts during client meetings.
- Collaborated with team members to support project coordination and timely delivery of design work.

3D PRINTING DESIGNER

Experience in 3D Modeling and Additive Manufacturing

- Designed and prepared 3D models for additive manufacturing using CAD software.
- Optimized designs for printability, functionality, and production efficiency.

EDUCATION

MASTER OF ARCHITECTURE | The University Ferhat Abbas | Setif, Algeria | October 2020

BACHELOR OF ARCHITECTURE | The University Ferhat Abbas | Setif, Algeria | June 2017

LEADERSHIP & HONORS

- Led a college design team that achieved 3rd place in the Hult Prize competition for developing an eco-friendly house concept, demonstrating leadership, collaboration, and sustainable design skills.
- Recognized as a top-performing team leader in multiple college architectural design projects, with projects consistently receiving the highest evaluations.
